

**POLICY NO. CP 2.1.16****POLICY STATEMENT****COMMUNITY SPORT AND RECREATION FACILITY
FUNDING - CITY OF GOSNELLS CONTRIBUTIONS****PURPOSE**

To provide a process for Council to support local organisations seeking state funding for infrastructure development through the Community Sport and Recreation Facility Fund.

POLICY

1. The City will provide assistance and advice to local sporting and community organisations applying for State Government funding through the Community Sport and Recreation Facilities Fund (CSRFF).
2. Where the City is contributing funding towards a project for which CSRFF funding is being sought, the City will deliver the project in accordance with its Project Management Framework.
3. Where a proposal is considered to have merit and is consistent with the City's plans, the City may consider making a financial contribution towards the project. The level of financial contribution is at the discretion of the Council, however, generally the City's contribution will not exceed one-third of the total project cost.
4. In circumstances where an application for CSRFF support is unsuccessful, the City may consider providing financial support of up to one third of the total project cost subject to:
 - (a) the applicant providing evidence that it has secured the funding shortfall from alternative sources; and
 - (b) the applicant's alternative sources of funding being external to the City. The Community Sponsorship Program is not available to assist with the shortfall.
