

Life in the City of Gosnells

City hosts Big Brekkie on Australia Day

Celebrate what it means to be Australian in a diverse, welcoming community at the City of Gosnells Australia Day Big Breakfast from 8am to 11am on Sunday 26 January.

Held under shady trees along the Canning River at Centennial Pioneer Park Amphitheatre, the free event includes live entertainment, kids activities, an inflatable maze, roving performers, face painting, native animals and more. Entry is free and tickets are not required.

The Rotary Club will also dish up a delicious breakfast feast, which will be available to purchase during the event.

Winners of the 2025 Community Citizen of the Year Awards will also be announced. These awards celebrate the people and organisations in our community who go above and beyond to make life in the City of Gosnells better for everyone.

The Australia Day Big Breakfast is supported by the Federal Government through the National Australia Day Council.

For more information about the event, or to check out the City's other upcoming events, visit gosnells.wa.gov.au.

Help us make a SPLASH

Community members in the City of Gosnells are rallying together to call on State and Federal Governments to help fund the proposed \$132 million aquatic and recreation development at Sutherlands Park in Huntingdale.

More than 3,300 letters of support from community members have been delivered to State and Federal MPs. Support is growing, with a range of community champions joining the call to action. Make a SPLASH in your community by adding your voice to the chorus at gosnells.wa.gov.au.

Councillor's Corner

The start of a new year is always a time of great potential, and it also represents an opportunity to think about and appreciate how fortunate we all are to call the City of Gosnells home. I'm incredibly proud of the community that I represent as Deputy Mayor, and of the work that the Mayor, our fellow Councillors and I do to help to make our City such a great place to live, work and visit.

We have an exciting year ahead, with work to continue on many major projects, including the Youth Entertainment Space at Sutherlands Park and the extensive works at Mary Carroll Park, both of which are nearing completion. We will continue to seek funding support for our proposed Sutherlands Park Leisure, Aquatic and Sports Hub – have you signed a letter of support for SPLASH yet? Of course, we will also continue to build and maintain local facilities, parks and roads, including the third stage of the Burslem Drive duplication, as well as delivering a huge range of programs, events, services and much more for our community. I hope you will take an active interest in all that the City of Gosnells has to offer.

Deputy Mayor Serena Williamson

New playground opens

Hop on board a new steam-train themed playground at Gosnells Oval, the tenth all-abilities playground built in the City.

It is fully fenced and includes a main play structure, miniature train station and wheelchair-accessible train play unit, group rocker, sensory musical instruments, wheelchair-accessible trampoline, rubber soft fall, shade sails, seating and accessible water fountain with a drinking bowl for support dogs. The playground can be accessed from Stalker Road, Gosnells.
