

Life in the City of Gosnells

YES opens to community fanfare

Young people in the City of Gosnells and beyond can now enjoy the new \$6.7 million state-of-the-art Youth Entertainment Space (YES), which officially opened last month.

The City hosted an official opening event on Wednesday 14 May, which attracted thousands of young people, children and families.

Located at Sutherlands Park in Huntingdale, the impressive design boasts a split-level skating plaza with rails and banks, shallow skate bowl for all skill levels and a sealed pump track for BMX, mountain bikes and scooters.

Designed in consultation with young people in the City, other features of the new space include an urban play area with hangout zone, social swings and platform seating, a rebound wall and a multipurpose area for games such as basketball, netball and futsal.

The City invested \$4.7 million in YES, with the State Government contributing a further \$2 million.

YES is an important part of the City of Gosnells Master Plan to transform Sutherlands Park into a one-stop location for recreation and sports for the local and wider community.

Give Our Bushland a Boost

The City of Gosnells is encouraging residents to 'Give Our Bushland a Boost' at a mass tree planting event at Cardington Way Reserve, Huntingdale, from 9am – 12pm on **Sunday 15 June**.

The City is looking for volunteer eco warriors to help plant 5,000 seedlings in a bid to help restore the Southern River foreshore.

This is a fun, family-friendly event, with the City providing a sausage sizzle for volunteers on the day. For more information, visit the City's website.

CoGLAB opens at Amherst

City of Gosnells library members can now unleash their creativity in the newly opened CoGLAB MakerSpace.

Located at Amherst Village Library in Southern River, the new space includes a 3D printer, sewing machines, Cricut machines, a VR experience kit, filming equipment, badge making and much more.

The CoGLAB is also home to the library's Digitisation Station, which gives people the opportunity to digitally convert analogue film or photos. See the City's website for more details.

Business in Gosnells 'BiG' Event

Wednesday 25 June

5.30pm – 8pm

Amherst Psychology, 12/2 Batman Road, Canning Vale

Visit the City's website for details.

Councillor's Corner

As your City of Gosnells Councillor, I am proud to see the continued success of our Urban Greening Program, which involves local community partnerships.

This month, the City is looking for members of the community to help plant around 5,000 seedlings at Cardington Way Reserve in Huntingdale. I encourage you to consider joining our efforts to green up our City.

In addition to this, the City also distributed almost 10,000 free native plant

seedlings to residents at the Plants for Locals event in April. Our goal of lifting tree canopy

on City owned and managed land to 30 per cent by 2040 is ambitious, yet achievable. We have also fostered collaborations with local schools and community groups to host hands-on workshops and monitor the health of the canopy. However, the true power lies in collective action. Each household can play a vital role in cooling our streets, boosting biodiversity and enhancing liveability. I invite residents to join us on this journey, because together when we can all contribute to growing a stronger, greener Gosnells.

Councillor Kylie Dalton

New DRPAC booklet

Get information on the latest stage shows, musical performances and engaging art classes happening at DRPAC from July to December, with the new season brochure out now.

Among the performers set to hit the stage in the coming months are singers Conrad Sewell and Lucy Durack, comedian Dave O'Neil and Gold Logie winner John Wood.

Grab a copy of the brochure at DRPAC, the Civic Centre reception and other City facilities.
