

### **Additional Information**

Bighnaraj Mohanty Vote Pref 1 for your Councillor

I am Bighnaraj Mohanty, a proud resident of Canning Vale since 2010 and a dedicated member of our local community. I bring over 15 years of professional financial experience as a Certified Practising Accountant (CPA), Australia and registered tax agent, running my own Tax Accounting practice here in Canning Vale. This Canning Vale is my home away from my home and would be living in Canning Vale for my next whole life.

Beyond my professional life, I have been actively involved in community services since arriving in Australia. I have been involved in different associations in their policy making and its implementation. I am currently serving as the President of a leading Indian community association, where I coordinate and execute a wide range of cultural, social initiatives and community activities to bring people together and support local families.

I am a community loving man and passionate about improving the liveability and safety of our suburbs within the City of Gosnells. My key priorities include:

To manage rate payers money and support the strengthening of citys financial policies and management of its budget with my proficient financial knowledge.

Upgrading local roads, parks, transport facilities and community safety measures.

Being a sports loving man, I want to support the development of sports and recreation facilities.

Advocating for better infrastructure and transport services across our suburbs.

Now, I am stepping forward to serve not just for my cultural community, but for our broader local community. I deeply believe in transparent, inclusive, and grassroots-driven development.

If elected, I hope to bring a strong voice to Council that represents the needs and aspirations of all residents.
