

Additional Information

Vote 1 Serena Williamson GAICD CA

As your Deputy Mayor, I have proven myself as a hardworking and active Councillor who listens carefully to ensure community voices shape decisions and strategies.

I have always called Gosnells home, growing up in Maddington, living in Kenwick and Gosnells and now raising my family in Southern River. I bring both local knowledge and lived experience to my role.

I have a long history of community service, volunteering in schools and community boards. Professionally, I am a Chartered Accountant experienced as a Corporate Manager in a large ASX listed multinational.

Serving as a Councillor is my way of giving back and making a positive difference.

This year, I was honoured to receive the WA Local Government Merit Award for service to the sector through leadership roles including Chair of the Metropolitan Regional Road Group, delegate for Switch Your Thinking (Energy and Sustainability) and President of the Australian Local Government Women's Association WA.

I am proud to have delivered results for our community in partnership with residents and Council, driving positive changes in sustainability, environment and community infrastructure.

I have championed community-led projects including:

- Kenwick and Huntingdale Dog Parks
- Mabel Davies Park Gosnells and Woodswallow Park Maddington
- Footpaths and bus shelters in Southern River
- Barrett Street upgrades, footpath and lighting
- Thornlie Ave BBQ and picnic area
- Playgrounds in Bletchley Park and Canna Drive Canning Vale
- BMX tracks at Hester Park Langford and Canning Vale
- Southern River dirt jumps
- Amherst Library Makerspace
- CCTV resident rebates
- Kenwick Connect retained for community use
- Recycling hubs in libraries
- Numberplate recognition cameras assisting Police
- Tree retention at Charles Hook Park

Together, Council has laid strong foundations but there is more to do.

It takes a committed team to keep building the future Gosnells deserves!

Integrity, Ethics, Compassion
