Vote 1: Promoting a Safer, Stronger, Connected City of Gosnells

I am a Huntingdale resident and having lived in Australia for more than 20 years including the past decade in the City of Gosnells, I have developed a deep understanding of what makes our city unique and what matters most to local families, businesses, and community groups.

I hold a masters degree in business and accountancy and currently work as an Executive Manager in Supply Chain Logistics, while also contributing as a social worker. These roles have given me valuable experience in leadership, problem-solving, and accountability skills. I am committed to bringing to council. Through my career, I have worked closely with teams and local businesses, helping them grow, adapt, and succeed. I know how important it is to listen, to collaborate, and to deliver real results that benefit people directly.

Beyond my professional life, I am an active social sports participant and a proud committee member at the Thornlie Tennis Club. Through this involvement, I have seen first-hand how sporting clubs, community groups, and volunteers bring people together, create connections across cultures, and strengthen the neighbourhoods where we live.

If elected, my focus will be on:

Community & Safety - introducing youth mentoring initiatives, supporting crime prevention strategies, and raising awareness for mental health.

Environment & Liveability - protecting and improving parklands, supporting effective waste management, and ensuring our city remains a clean and welcoming place to live.

Growth & Opportunity - creating opportunities for local businesses, encouraging redevelopment projects, and driving initiatives that bring jobs and economic activity to the City of Gosnells.

I am passionate about working with residents to make our city a place where families feel safe, businesses can thrive, and communities remain connected.

If you share this vision, I would be honoured to have your support.
