

**Floristic Community Type**

- FCT 3a  
Corymbia calyculata - Krigia australis woodlands on heavy soils
- Murchison Limestone Scrublands and Woodlands on Murchison Limestone

**Priority Species**

- A1 Acronyctus hexalepis (P4)
- M Marsdenia lindeyana subsp. Mudgei (P4)
- Ep Eriochorda parviflora

**CITY OF GOSNELLS**

**LEGEND**

- Cultural boundaries
- DPI Bush Forever sites
- Study Boundary

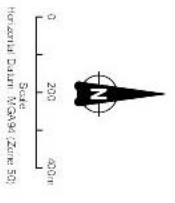

**Vegetation Condition Scales**  
Kempers et al. (1994)

- **Disturbance - P**  
Positive or heavy soil, no obvious signs of disturbance
- **Excellent - E**  
Vegetation structure intact, disturbance caused by natural fires, the presence of some very aggressive weeds, dense, rapid regrowth and grazing
- **Very Good - VG**  
Vegetation structure altered, obvious signs of disturbance  
For example, disturbance to vegetation structure caused by natural fires, the presence of some very aggressive weeds, dense, rapid regrowth and grazing
- **Good - G**  
Vegetation structure slightly altered, very obvious signs of disturbance  
Reduced basic vegetation structure or ability to regenerate, disturbance to vegetation structure caused by natural fires, the presence of some very aggressive weeds, high density, partial clearing, debris and grazing
- **Degraded - D**  
Disturbance to structure severely increased, no or a small amount of good condition within structure  
For example, disturbance to vegetation structure caused by natural fires, the presence of very aggressive weeds, partial clearing, debris and grazing
- **Completely Degraded - CD**  
The structure of the vegetation is no longer intact, and the area is considered or first, or secondarily, to be a bare site, or a site cleared with the loss of remaining seed or root systems, with isolated native trees or shrubs.

**NOTES**

Base data for landcover and aerial photography used on this project supplied by City of Gosnell's Aerial Photography, licensed on the RTOV, generated by DOLA of the Dec 2005-Jan 2006 aerial photography.

Bush Forever details supplied by Department of Planning and Infrastructure in June 2002.
